

2023 Proposed Chief Judge Test

The proposed Chief Judge test is to be taken by any newly appointed club's Chief Judge and all current Chief Judges prior to conducting their own club training and testing and including the Concours event itself to ensure that Chief Judges are concurrent with any new rule changes for the current Concours season that may affect their positions directly. Each Chief Judge will be required to score at least 45 out of 50, the same requirement as for any Concours Component Judge exam. The answer sheet will be auto-corrected and then submitted to the JCNA Chief Judge for review and recording. If a Chief Judge should miss the passing grade, the JCNA Chief Judge will determine if a one on one conversation or a re-test should be in order before the final recording of that examination. The completion date will then will be made available to the JCNA Concours Committee through a similar method to the current Judge's List on the JCNA website record.
